SEARCH LIGHT

TA01090

*Image is for illustration purposes only

PRODUCT DESCRIPTION

- HID (35W) searchlight mounting with Picatinny Rail (MIL-STD-1913) system equipment.
- Innovative DC HID lamp technology does not cause magnetic disturbance to other electronic systems or equipment.
- Special shock resistant structure.
- Powered by built-in rechargeable lithium polymer battery with high capacity runtime of up to 150 mins.
- IR/UV/color lens for different optical frequencies (pictured above). Two filters available upon request.
- Easy to adjust beam divergence when wearing filters.
- Rugged aerospace-grade aluminum CNC machined body, hard anodised finishing, O-ring sealed, high transparency optical lens.
- Powerful light, compact size, and long runtime make it a good choice for military, rescue, law enforcement, firefighting units, etc.
