LRF - LASER RANGE FINDER MONOCULAR

TA04028

PRODUCT DESCRIPTION

The close range laser rangefinder monocular series includes three models suitable for a wide variety of tasks ranging from game hunting to sniper shooting. All devices are designed and manufactured in unified, ergonomic, lightweight form offering a rubberized grip. These advanced systems provide accurate distance and speed (SPD modification) measurements, and high-level optics, ensuring a sharp, clear image in all weather conditions.
