TAR Ideal Concepts Ltd. is globally recognized as a leading provider of tactical gear and accessories, specializing in the sales and distribution of defense & security systems, products and solutions for military, Police and Special Forces worldwide.

The Camouflage Kit was designed by TAR after extensive research and development by a team of ex-military experts specializing in field operations and technology. The Kit provides accessibility and an effective means of concealment and disguise in various surroundings.

The kit can also adapt to different environments in order to minimize the detection or identification of troops, weapons, equipment and installations. It provides the ultimate level of flexibility required during missions, allowing soldiers to adjust to unfamiliar terrain with ease. The Camouflage Kit may also be used for surveillance, intelligence gathering, sniper missions, and temporary shelter.
