PRODUCT DESCRIPTION

- Gloves palm and pull-tab constructed of top-grain, double-chrome tanned eversoft kangaroo leather for exceptional slash and puncture resistance
- Back of gloves made of double-chrome, tanned gold elk skin leather for added dexterity
- Thermal lining blend of 65% Nomex and 35% Kevlar for added slash protection
- Moisture barrier Crosstech® gloves insert
- Bloodborne pathogen-resistant barrier
- Thermal lining and moisture barrier permanently attached to one another and sewn to the gloves' leather shell at the fingertips and cuff area
- Less water absorption ensures lower hand fatigue and faster drying time
- Includes leather hanger loops
- Seams lock stitched with heat-resistant Kevlar thread
- Leather seam welt between thumb and index finger
- Gloves remain soft and pliable even after repeated use
- Meets or exceeds Federal O.S.H.A. Standard 29 CFR 1910.156, CALO.S.H.A. Title 8 10.1 3407, and all other requirements of N.F.P.A. 1971, Standard on Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting
