CBRN ANALYSER KIT

TA10026

*Image is for illustration purposes only

KEY FEATURES:

- Mobile, rugged, hard case kit able to withstand harsh conditions.
- Tools for chemical sampling are cleaned/screened for over 10 chemical warfare-related compounds and a list of TICS/TIMS.
- Smaller case inside has foamed compartment to easily find items and secure them during transport.
- Tools for biological sampling are sterile.
- Items package for single use and easy opening and PPE.
- Each kit has individual serial number for reach back.
- Each item in kit can be repurchased for easy resupply.
- Kit separated by colored modules for easily finding sample items based on sample type.

*Training kit identical to the real kit with items that haven't been cleaned/screened or sterile is available.

**Nine chemical (liquid, wipe, or solid), thirteen biological (liquid, wipe, solid), six radiological (wipe) and three explosive samples are available.

***Customized kits available per special request.
