UNDER DOOR CAMERA

TA02015

PRODUCT DESCRIPTION

“Dual View” Under-the-Door Camera is a valuable extension of any Tactical System. It provides a safe and covert view both Forward Looking into a room and Backward Looking up at the door

*Image is for illustration purposes only

FEATURE:

Two high resolution, miniature CCD camera chips provides superior image quality

- 1/4 black & white Super-HAD CCD

- 0.005 LUX rating

- 400 lines of resolution

- Digital image enhancement in low light

Forward looking camera with wide angle lens allows the user to assess any threats inside the room

- o 70° field-of-view

- o 10 to depth-of-field

- Upward looking camera sensor generates a view of the door knob and door frame to view any barricades or IEDS

- Infrared (invisible) LED illumination provides a clear video image in total darkness

- Integrated miniature microphone adds audio to augment video

- Audio enhancement circuitry amplifies low sounds while suppressing loud sounds

- Requires only a 1/4" (6.4mm) door-to-floor clearance

- Optional wireless audio/video transmission

- Also available without audio
