

# SURGICAL GOWN

## PRODUCT DESCRIPTION

High performance Surgical gown offers a high level of protection while providing increased breathability and comfort. The fabric is made from 5-layer polypropylene materials with Alcohol Repellency, Blood repellent, anti-static and fluid resistance. Three layers of spunbond polypropylene ensure an extraordinary flexibility and breathability, and two layers of meltblown polypropylene form an efficient barrier against bacteria. The critical zones including arm and chest areas are protected by fabric reinforcement with an additional strong and breathable SMMMS.

## SPECIFICATION

- 5-layer anti-static breathable fabric with AR+AS Treatment
- Blood, Alcohol, Oil repellent
- Excellent microbial barrier
- Excellent physical barrier to contaminants and fluids
- Stronger fabric with a matte finish, resistance to tears
- Softer fabric with comfort inside and outside
- High level anti-static treatment
