## PROTECTIVE SUIT - HOT ZONE

TA02059

### PRODUCT DESCRIPTION

This suit provides the highest level of protection from liquid, vapor, and particle forms of CBRN. It's certified to NFPA 1994 Class 2 and NFPA 1992 for protection against chemical warfare agents and toxic industrial chemicals at concentrations at or above IDLH level when worn with approved SCBA systems. For added protection, this revolutionary non-permeable suit is laminated to a 4.5 ounce NOMEX IIIA outer shell, which provides excellent static dissipative performance and resists melting, dripping, and burning when exposed to high levels of heat.
